

POWER & DATA COMPONENTS

#PD-18

- Power & data unit
- Lift lid to access power & data
- 6 $\frac{1}{8}$ " x 2 $\frac{1}{2}$ "
- Two 15 amp power receptacles with 6 ft cord
- Two openings for data or voice modules

#PD-20

- Power & data center
- Lift lid to access power & data
- Second lid with holes for cord storage
- 6 $\frac{1}{8}$ " x 5"
- 2-15 amp power receptacles, 6 ft cord
- Two openings for data or voice modules

#PDS-25

- Power and data sphere
- Consists of two half domes
- Fits into 3" dia hole
- One half dome c/w two 15 amp power receptacles with 6 ft cord
- One half dome c/w two openings for data or voice modules

#PD-30

- Power and data center
- Fits over 2 $\frac{1}{4}$ " dia hole
- C/w two 15 amp power receptacles with 6 ft cord
- C/w two openings for data or voice modules

#PD-C-35

- Clamp-on power and data center
- Attaches to top surface thickness of up to 1 $\frac{1}{4}$ "
- C/w two 15 amp power receptacles with 6 ft cord
- C/w two openings for data or voice modules

#PDU-300

- Table top power and data unit
- Compact size, 4 $\frac{1}{8}$ " x 4 $\frac{1}{2}$ "
- Easy-lift hinged cover, to access power and data
- Two 15 amp power receptacles with 6 ft cord
- C/w two RJ-45 cat 6 data modules

#PDU-325

- Table top power and data unit
- 8 $\frac{1}{8}$ " x 4 $\frac{5}{8}$ "
- Spring-hinged, self-closing cover
- Two 15 amp power receptacles with 6 ft cord
- 15 amp/125 volt circuit breaker
- Two RJ-45 cat 6 data modules and face plate are included

#PDU-350

- Table top power and data unit
- 13 $\frac{1}{2}$ " x 6"
- Spring-hinged, self-closing cover
- C/w four single circuit 15 amp power receptacles with 6 ft cord
- Four RJ-45 cat 6 data modules and two face plates are included

#PDU-375

- Table top power and data unit
- 13 $\frac{1}{2}$ " x 11"
- 2 spring-hinged, self-closing doors
- C/w eight single circuit 15 amp power receptacles with 6 ft cord
- C/w 15 amp circuit breaker
- Eight RJ-45 cat 6 data modules and four face plates are included

#UDT-PDU-400

- Under desk top power & data unit
- 2" x 2" x 9" long
- Mounts beneath work surface for front access
- C/w three single circuit 15 amp power receptacles with 6 ft cord
- C/w two port face plates and two RJ-45 cat 6 data modules

#CDT-PDU-425

- Clamp-on power & data unit
- 2 $\frac{1}{4}$ " x 2 $\frac{1}{4}$ " x 9" long
- Easily attached to work surface
- C/w three single circuit 15 amp power receptacles with 6 ft cord
- C/w two port face plates and two RJ-45 cat 6 data modules

#DEK-3050

- Work surface power and data unit
- C/w closure lid
- Two 15 amp power receptacles with 6 ft cord
- C/w 2 RJ-45 cat 6 data modules

#WM-2

- One piece 'J' shape wire manager
- 1 $\frac{1}{2}$ " x 1"

#HWM-3

- One piece 'snap' wire manager
- 2 $\frac{1}{8}$ " x 1 $\frac{5}{16}$ "
- Front panel opens and shuts to conceal wires

#VWM-8

- Vertical wire manager
- Snap-on friction fit; 2" dia column
- For channeling wires up or down a base column

POWER WIRE MANAGEMENT

- Electri-Pak 8 – System 83
- 8 wire/3 circuit
- Isolated circuit is shielded from other circuits
- Two convenience circuits for general use
- Electrical ratings 3 phase
- 125/250 VAC, 20 amp circuit
- Receptacles are NEMA 15R
- Systems listing and compliance, UL1286, UL183, UL498, UL467, NEC 604, NEC 605, CSA 203, 203

POWER OUTLET CENTERS

- Single circuit system c/w four power receptacles
- Two circuit, seven wire system, c/w four power receptacles
- Available in starter harness, jumper harness and end harness

POWER & DATA COMPONENTS

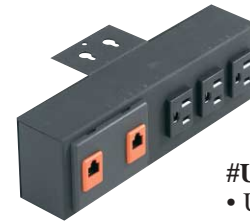

#PD-18
 • Power & data unit
 • Open & closed

#PD-20
 • Power & data center
 • Open & closed

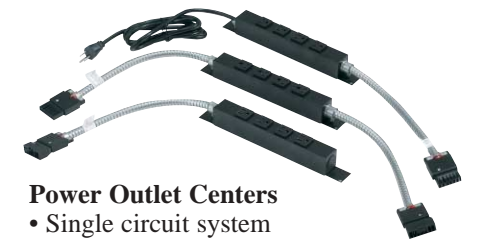

#PD-3050
 • Work surface power and data unit
 • Open & closed

#UDT-PDU-400
 • Under desk top power and data unit

#CDT-PDU-425
 • Clamp-on desk top power data unit

Power Outlet Centers
 • Single circuit system

Power Outlet Centers
 • Two circuit, seven wire system

#PD-25
 • Power & data sphere

#PD-30
 • Power & data center

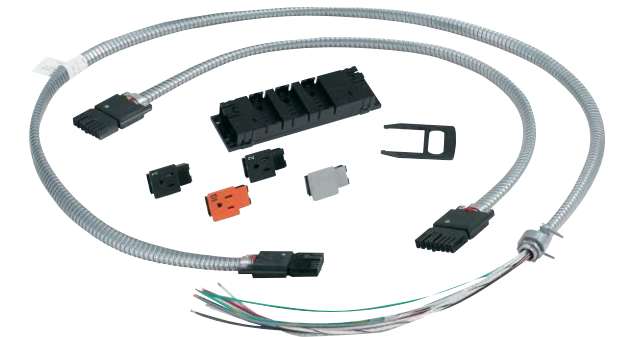

#PD-C-35
 • Clamp-on power and data center

#WM-2
 • One piece 'J' shape wire manager

#HWM-3
 • One piece snap wire manager
 • Open & closed

Power Wire Management
 • Electri-pak 8 - System 83
 • 8 wire/3 circuit

#PDU-300
 • Table top power and data unit
 • Open & closed

#PDU-325
 • Table top power and data unit
 • Open & closed

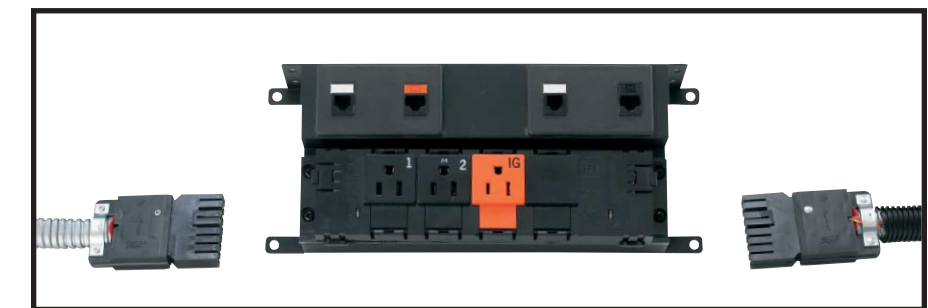

#PDU-350
 • Table top power and data unit
 • Open & closed

#PD-375
 • Table top power and data unit
 • Open & closed

#VWM-8
 • Vertical wire manager

#DPP-450
 • Power/data unit
 • Includes two 2 port data face plates
 Modules not included
 • Includes one power module with four power receptacles
 To be used with Electi-Pak 8, System 83, 8 wire/3 circuit power wire management systems
 • Easily mounted to underside of table top, or on a modesty panel
